<b>Duration of the project</b>	<b>Depending on the actual duration of the projects that we will cooperate!</b>
--------------------------------	---

## PROJECT DESCRIPTION:

### Objectives

Each of the objectives presented below derive from separate projects for which we are seeking partners to collaborate with:

1. Fulfil the gaps of qualified health workers as well as within the education system in terms offering such specializations in the respective areas, but not limited to
  - a. Nursing
  - b. Professional Pedagogy in Nursing
  - c. Occupational Therapy
  - d. Physiotherapy
  - e. Speech Therapy
  - f. Laboratory Technician
2. Fulfil the gaps of qualified health workers as well as within the education system in the area of Health Psychology
3. Provide patients with missing, innovative and more effective approach of health services
4. Increase the capacities of the staff and students in the deficient health related fields
5. Support relevant institutions in advancing their mechanisms and managing models of health and wellbeing systems

### Activities

The following activities correspond respectively to the objectives mentioned above:

1. Jointly designing the relevant curricula of a joint master program in Therapeutic (Health) Sciences and delivering the actual program
2. Jointly designing the relevant curricula of an undergraduate program in Health Psychology and delivering the actual program
  
- 3.1. Establish a Multidisciplinary Health Care Centre
- 3.2. Jointly designing the spectrum of health care services to be offered at the centre
- 3.3. Provide relevant training to the staff on multidisciplinary patients evaluation/assessment
- 3.4. Investing in relevant equipment needed to offer respective health care services
- 3.5. Design and deliver a continual system for monitoring the patients
- 3.6. Provide mobility activities for the relevant staff and interns (students) among partners
  
- 4.1. Provide mobility activities within partner institutions, in terms of theoretical as well as practical (hands-on) opportunities

### Results

The following results correspond respectively to the objectives mentioned above:

- 1.1. Higher quality, additional, and innovative health services offered by well qualified (according to the relevant EU criteria/standards) health professionals to the patients in

### We are searching for:

<b>Types of institutions</b>	Higher Education Institutions, health centres, health related research institutes, and other relevant organisations.
<b>Country/Region</b>	Along with potential partners from the European Union member countries, we are highly interested to collaborate partners from other regions i.e. South-Mediterranean, Central Asia, Eastern Partnership and Western Balkans.
<b>Institutions' profiles</b>	<p>We are searching for partner institutions that are focused on health related programs/services.</p> <p>As far as the objectives 1, 2 and 4 are concerned, we are looking for institution partners that are willing to engage into designing and delivering new master and bachelor programs, along with offering mobility opportunities for their staff and students and at the same time host foreign ones, within the relevant scientific areas.</p> <p>On the other hand, regarding the objective 3, we are searching for relevant organizations that are currently applying or seek to do so, a multidisciplinary methodology of patients' evaluation/assessment.</p> <p>Overall, we are especially interested in organization-partners that are relatively more opened to international cooperation, exchange/transfer of knowledge/expertise, and interested to cooperate from the first phase of project development (drafting the project proposals) up to the actual joint delivery of respective projects.</p>
<b>Other relevant information</b>	<p>Heimerer College is a German-Kosovar Institution of Higher Education, known for its high quality of education services, research and networking in Kosovo and region.</p> <p>We have relatively experienced staff on project development and implementation, involving multiple domestic and international partners, which are mainly funded by international donors i.e. European Commission (Tempus, Erasmus and other Programmes). We are highly committed and flexible to collaborate with various partner organizations.</p>
