Brief description of university, faculty, department, number of students	<p>At present Brest State Technical University is one of the largest educational and scientific centers in the Western part of Belarus. BrSTU undertakes research into important areas of construction, architecture, electronics, mechanical engineering, economy and ecology and offers more than thirty degree courses. There are about 10,000 students studying at 8 faculties comprised of 33 departments: Civil Engineering, Mechanical Engineering and Electronics Electronic Information Systems, Engineering Systems and Ecology, Economics, Innovation, Management and Finance, Extra-Mural Studies, Preparatory and the Institute of Further Education and Retraining. The University offers 29 undergraduate courses, 18 graduate courses and 14 postgraduate ones.</p> <p>The scientific potential of the University includes 17 professors 21 doctors of science, 125 associate professors and 152 candidates (Ph.D.) and experienced academic teachers. The total number of academic staff is 681.</p> <p>The institution is committed to developing its reputation as a provider of high quality teaching. It aims to fulfill its responsibility for the educational needs of Brest Region, and to maintain and develop cooperation with other institutions both within Belarus and beyond. Participation of BrSTU in the project will facilitate knowledge transfer based education development in the conditions of sustainable environment.</p>
